KRATOS GLASS

Kratos glass products have been evolving along with the constantly changing needs within the defense industry. We manufacture and supply all kinds of certified bullet proof glass to major global armored cars and boats makers who value quality and precision. Our bullet resistant and laminated glass products are set to provide safe working environment with undistorted view, be it on land or on water.

Our promise is the timely delivery of the required glass with no compromise on the quality. Kratos work ethics is the foundation of achieved success and professional recognition within Europe, Middle East and Africa.
